

# Press Release

## Miln House, Papamoa Beach

*This contemporary beach front house by Architecture Page Henderson Ltd, won the 2007 Placemakers Supreme Award, (Over \$1m Category) in the Tauranga Master Builders 'House of the Year' competition for Shaw Builders of Mt Maunganui.*

**Auckland, August 1st 2008 – The Miln house is but one design from the award winning stable of Architecture Page Henderson Ltd. Sitting in the company's meeting room you cannot help but be impressed by a galleried display of award certificates from the NZIA and others that have been presented to David Page and his team over the years.**

*"Our brief for the Miln House was to design an open and uncluttered space while providing a robust home for a growing family. The living areas to the front of the dune top site maximise the views to the north of Mount Maunganui and south to Maketu, while allowing these areas to extend out to the dune and the beach beyond. We designed the entire home in ArchiCAD," says Greg Hughes of Architecture Page Henderson.*

*"With ArchiCAD you can get to a point of efficiency quite quickly," continues Greg. "If I had a choice of CAD systems and a clean slate, I would choose ArchiCAD every time. My decision comes down to the interface – it's a lot more coherent and logical" concludes Greg.*

### About Architecture Page Henderson Ltd

Based in Te Puke, the team at Architecture Page Henderson Ltd. consists of four architects, two Architectural Draughtspersons, and an office manager. The team collectively boasts decades of experience both in New Zealand and overseas.

### About Graphisoft

*"The best way to predict the future is to invent it!"*  
Alan Kay.<sup>1</sup>

Graphisoft is the pioneer and leader in developing Virtual Building™ solutions. It is widely acknowledged as the world's #1 supplier of model-based software and services for the building industry. Our clients are at the forefront of the industry - delivering projects that are better designed, more predictable to construct and less expensive to operate.
