

# Press Release

## Newlands College, Wellington

*The Newlands College Art & Language Block was one of two buildings receiving awards in the Education Category of the 2007 NZIA Resene Local Awards, Wellington region.*

**Auckland, September 1st 2008 – The Judges of the 2007 NZIA Resene Local Awards (Wellington region), gave praise to Re-Design Ltd's architecture in their citation, saying:** *"The combined challenge of a tight site and a tight budget have been well met with a strong and considered integration of a new contemporary building into the standard NZ secondary Nelson Block school context."*

The awards citation continues: *"Consistent and confident use of robust materials, well planned circulation and interconnected interior spaces filled with natural light are all positive attributes of successful educational building."*

*"The Newland's project began in 2005, and because of its success, we have been rewarded with more work there, and our company has grown as consequence,"* says Gary Edridge of Petone based Re-Design Ltd.

*"Now with 3 seats of ArchiCAD, the software too has enabled us to handle this greater volume of work,"* continues Gary. *"Particularly, we see considerable efficiencies with benefits from design visualization right through to documentation"* concludes Gary.

### About Re-Design Ltd
